

a giant
dynamo
oh no
blanket
is a soft
silken with
centuries
impacts mark
what does the
dust -
choreographed
sunbeam -
dusty jewel
cataclysm
visit
encrusted
advances then
ruptures
eons
time at Saturn
clock say
fans fans fans
sediments downthrown
far from the Namib
dunes solids
mimic cousins
flavors
of Gale Crater
salty data
flow lobes
stops then goes
at their toes
from
a twinkie -
with strange
graphite
explosive reaction
Mercury's
her
the Moon
more
I see
dust veneer may
ice
impact
slowly recov—
not again
lead bricks
flowers
stones
magma and
precious scars
fund
Mercury's
with many
gotta map
meets magma
yields
red spots
mottled
pretty colors
'em all
of organic
quartz
of stone
mistress
time
on Earth
on Mars but are
to get to
pit craters
are like those
cheaper
icy troughs
be slowing
sublimation
planet
dissipation
on frequency
planet pulls
resulting
rests
repeat features tale
of faults faults faults
rivers
on Mars' surface
my proposal
she sways
plunging us
when will summer
slips through
by budding
water in
sour bitter
in the soup
show
swirled pirouettes
turbulence
fueled flash mobs
to and fro
into darkness
come
two particles
like grain was found
isotopes
volume
generates collapse
volcanoes erupt
the erupted
what
is stopped
sees
tempt us to
